

**Gli Accessori**  
delle Ceramiche

*The Accessories*  
*of the Ceramics*

In queste pagine proponiamo una selezione di accessori indispensabili per completare le nostre colonne sotto il profilo estetico e funzionale.

Questi accessori sono realizzati con materiali di elevata qualità e con criteri costruttivi ampiamente collaudati negli anni, a garanzia della durata e dell'affidabilità.

Le nostre ceramiche si armonizzano perfettamente con questi componenti e le colonne complete risultano, indubbiamente, di notevole pregio contribuendo a rafforzare e qualificare l'immagine del prodotto spillato.

Come per le colonne in ceramica, anche gli accessori sono in continua evoluzione e quindi vi invitiamo a contattarci.

*Here we show a selection of indispensable accessories for the completion of our columns, in terms of both operation and overall visual appearance.*

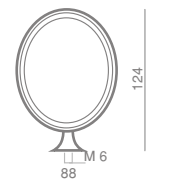

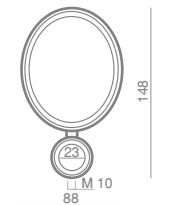

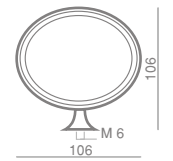

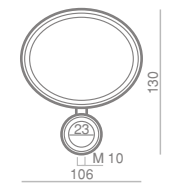

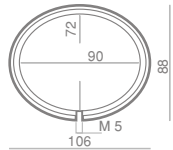

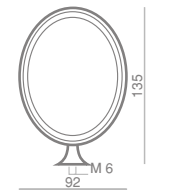

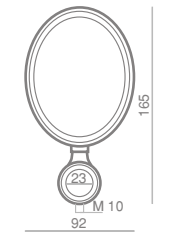

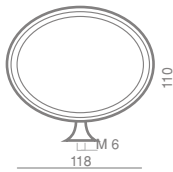

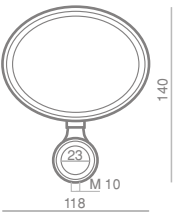

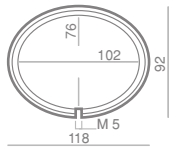

*These accessories are made with top-quality materials, applying manufacturing criteria that have been optimized over many years to guarantee their absolute durability and reliability.*

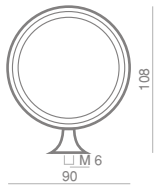

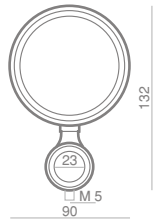

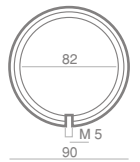

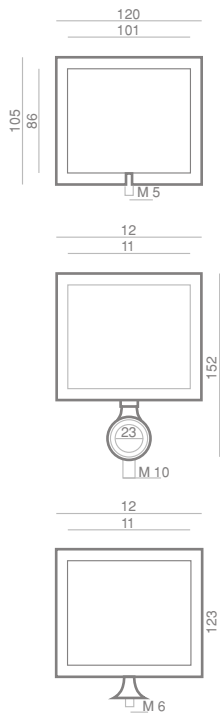

*Our ceramics are a perfect match for these accessories, and the finished columns give an unmistakable touch of style and prestige that enhance the image of the drink served.*

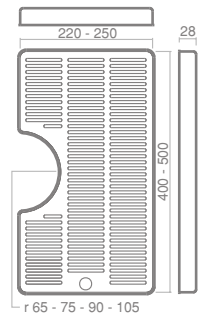

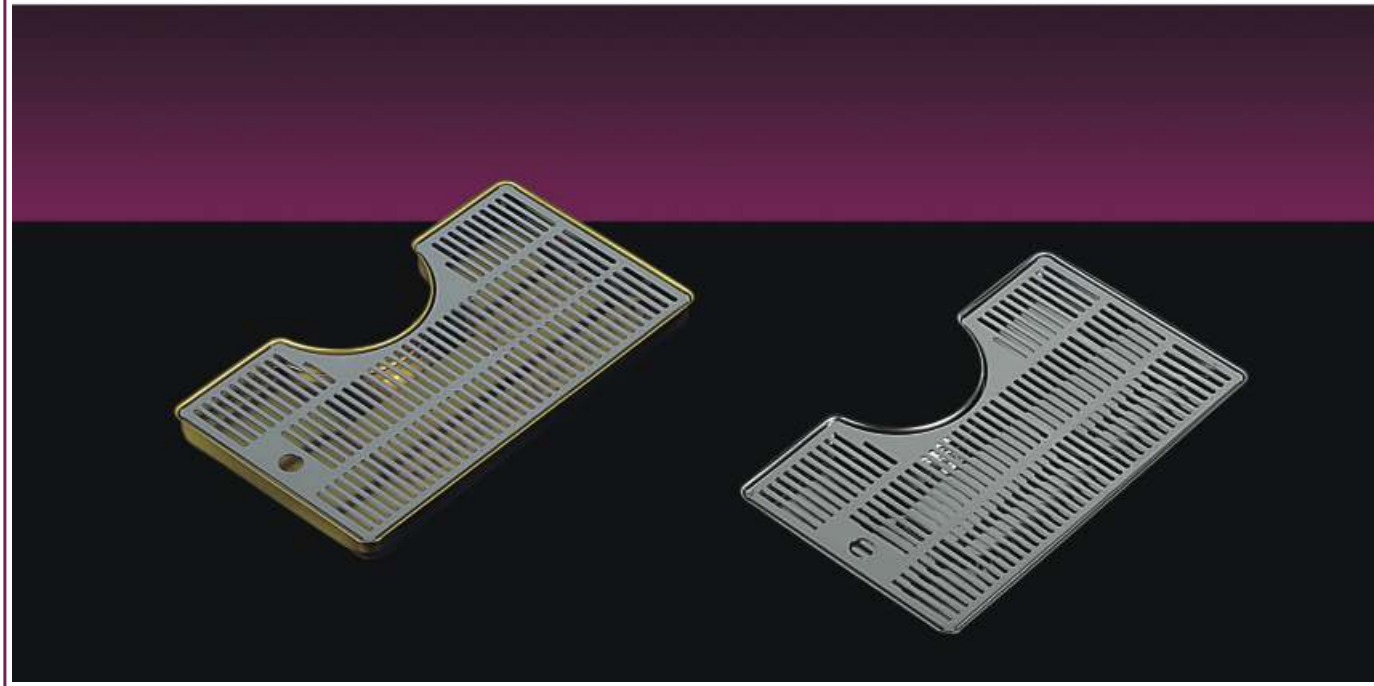

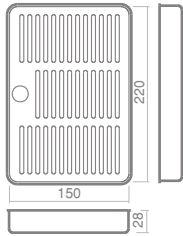

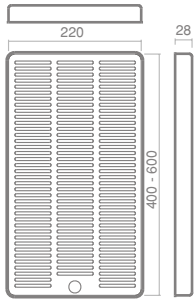

*Like our ceramic columns, the range of accessories available is also in constant expansion.*

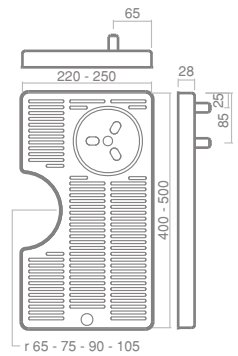

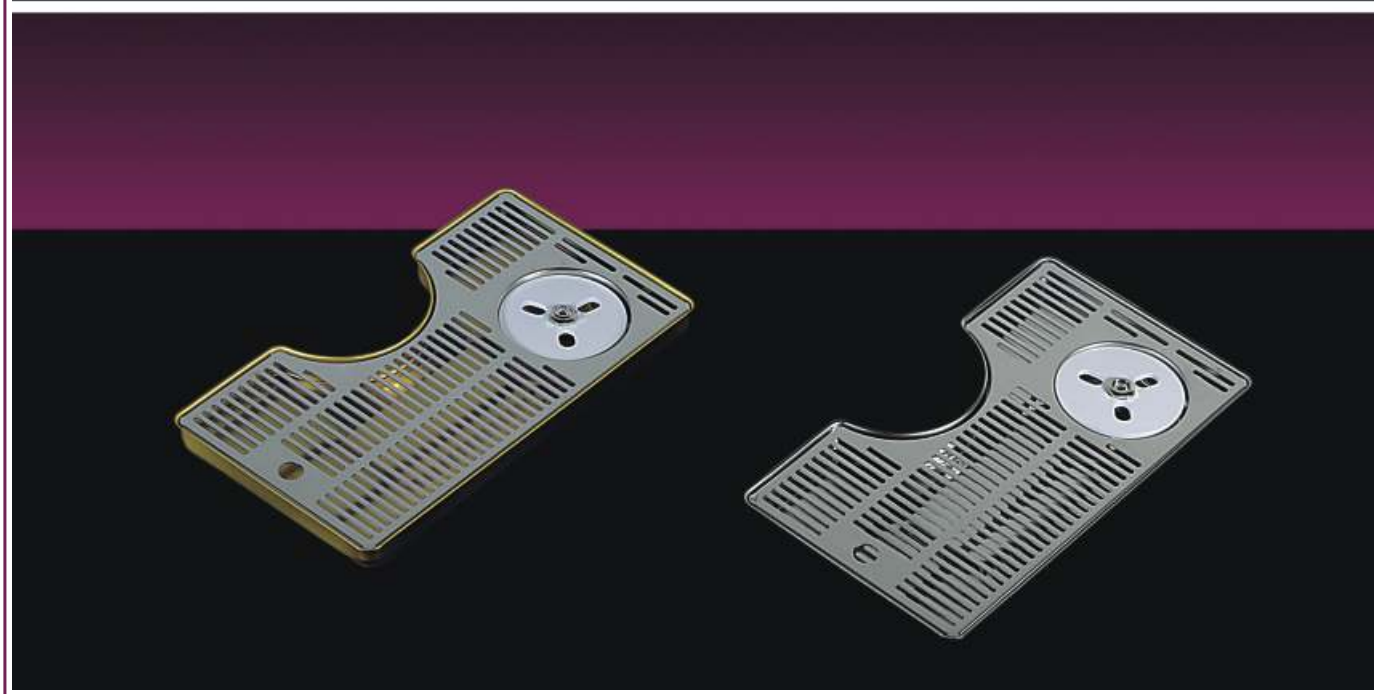

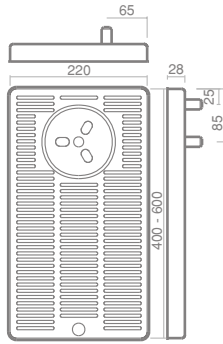

*For further details please contact us directly.*
